

SECURE ACCOUNT QUICK START

Scan. Create. Start inspecting.

SCAN TO OPEN DEFINIAN

Definian Inspection

Your first five steps

1

Scan or open the Definian portal

Use the QR code, then choose Sign Up in the Definian portal.

2

Create your account

Use your work email on Definian's secure sign-in page, then complete email verification.

3

Open the Definian portal

After verification, sign in and return to the Definian home page.

4

Install Definian Inspection

Use the verified iPhone, iPad, or Android store link below.

5

Use the same verified email

Sign in to the Definian app with the same account you created in the portal.

Safe to print and post: the QR code contains only <https://www.definian.com/signal>. Secure account creation continues at definian-inspection.us.auth0.com; the QR contains no employee name, email, password, invitation, or permission.

Install Definian Inspection

iPhone: Open the App Store

Android: Open Google Play
