Definian Inspection

Your first five steps

1

Scan or open the signup link

Use the QR code or the permanent Definian signup URL.

2

Create your account

Use your work email and complete Auth0 email verification when prompted.

3

Open the Definian portal

After verification, sign in and return to the Definian home page.

4

Install Definian Inspection

Use the verified iPhone, iPad, or Android store link below.

5

Use the same verified email

Sign in to the Definian app with the same account you created in the portal.

Safe to print and post: the QR code contains only the permanent Definian signup URL. It contains no employee name, email, password, invitation, or permission.

Install Definian Inspection

iPhone: Open the App Store

Android: Open Google Play
